

CONTACT LENS FEE POLICY

It is the law and our policy that all contact wearers are seen every year for a contact lens examination. The fitting fee, which includes follow-up care within the first 90 days, is determined by the type of lenses prescribed, the difficulty of the fit, and whether the patient is a first-time contact lens wearer. **THIS FEE IS NON-REFUNDABLE AND DUE AT THE TIME OF SERVICE.** We can discuss lens options and prices in more detail once the eye examination is completed.

The fitting fee includes:

- Any necessary trial disposable to determine the proper lens fit and vision.
- if you require custom made to order contacts, the cost of initial pair is due at the time of the fitting. if a changes needs to be made within 30 days, there will not be an additional charges for the new order
- Follow-up visits are included at no charge, up to 90 days after the contact lens exam. If the patient neglects to complete the fitting within the 90-day period, there will be a new fitting fee charged

The fitting fee does NOT include:

- Contact lenses (Costs will vary depending on the type of lens prescribed.)
- The comprehensive eye exam
- Medical visits not directly related to contact lens wear.
- Contact lens checkups after 90 days
